What about out-of-pocket costs?

We have smart solutions for those, too

Short Term Medical coverage helps you get the health care coverage you need, when you need it. But, like other insurance plans, there are always out-of-pocket costs. Out-of-pocket costs include expenses you are responsible for like deductibles and coinsurance.

Add one of our Supplemental Coverage plans to get the out-of-pocket protection you need from some costs not covered by your Short Term Medical plan. They're affordable options that help you broaden your financial protection and keep more money in your pocket.

Get ahead of out-of-pocket costs with supplemental coverage for:

Accidents

Critical Illnesses

Cancer and Heart/Stroke

Hospital Stays

How does Supplemental coverage protect you from out-of-pocket costs?

The average cost of a fractured hip is \$12,923.¹ Now, let's assume you chose to pair our Plan Enhancer supplemental coverage with a \$5,000 benefit level with our \$5,000 deductible Short Term Medical plan.

Treatment Cost	\$12,923¹
Short Term Medical Deductible	\$5,000
Plan Enhancer Paid	\$4,750
Plan Enhancer Deductible	\$250

In this example, Plan Enhancer would pay 98% of your medical plan's deductible

Short Term Medical is nonrenewable

This Short Term Medical plan is nonrenewable. Termination of this plan is not considered a qualifying life event for the purposes of enrolling in an ACA-compliant major medical plan.

If you choose to purchase a new subsequent Short Term Medical plan, you must submit a new application. Any sickness or condition developed during under a previous plan will be considered a pre-existing condition, regardless of whether the sickness or condition was covered under your previous plan, and will not be covered by subsequent Short Term Medical plans. Re-application may not be available in all states.

If you purchased a Renewability Rider at the time you initially enrolled in your Short Term Medical plan, then your plan will be renewable up to 36 months so long as you maintain compliance with the plan provisions.

Renewability Rider not available until effective dates of 1/1/20 and later.

This coverage is not required to comply with federal market requirements for health insurance, principally those contained in the Affordable Care Act. Be sure to check your policy carefully to make sure you are aware of any exclusions or limitations regarding coverage of pre-existing conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services). If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage.

This policy does not meet the definition of qualifying previous coverage or qualifying existing coverage. As a result, if purchased in lieu of a conversion policy or other group coverage, you may have to meet a pre-existing condition requirement when renewing or purchasing other coverage.
